

Construction  
With over 25 years' experience!

Proud members of:

## **Mission Statement**

At Allstyle Construction we aim to continue providing high quality craftsmanship in the commercial construction industry at a very competitive cost. We are leaders in providing value-added construction services to our clients by creating a successful partnership with them throughout the construction process. We are very creative in finding cost savings for our client without compromising the finished product. It is our goal to maintain our reputation for quality and on-time delivery according to agreed completion schedules while maintaining high integrity and assurance of quality to our clients as compared with other competitors in the area. Our pledge is to establish lasting relationships with our clients by exceeding their expectations and gaining their trust through exceptional performance by every member of our construction team.

## **Management Team**

We take pride in our company's position of leadership in our industry. Although we may not be the largest, we are certainly one of the most aggressive in pursuing excellence and in challenging ourselves and our industry to improve on many fronts. Our team is composed of Clive Ackinson – Construction Manager; Fitzroy Barnett – Operations Manager & Senior Project manager Kirk Stewart – Project coordinator/Estimator and Reetracey Muir – Office Administration. With over 35 years combined experience in construction, management and client relations, our dynamic team works from the principle of treating every project with the same meticulous attention to detail. The workers, subcontractors, and the management team maintain the highest standards of service excellence; to attract, nurture and retain the best talent in the industry; and to empower individuals to make choices that align with our strategy and best benefit our clients, our partners, our company and themselves. An essential focus of the management team at Allstyle, is that we treat our colleagues, clients, our employees, our business partners and vendors, with respect. We acknowledge that only by creating an environment of mutual trust can we foster the kind of teamwork that is necessary for us to succeed in a very competitive environment. Our management team regularly discusses ways to embed our core values in our people and the organization. When we make business decisions, we ask, "Is this aligned with our image?"

## **Executive Summary**

Allstyle Construction is an Edmonton based construction company. Over the years we have been fortunate to be involved in several commercial, institutional and retail projects. The fairly steady growth of the company can be attributed to local contacts, competitive pricing, and the high quality work to the satisfaction of our clients. In addition, the team at Allstyle has the ability to take on any project; from simple projects such as basic repairs and large scale office buildings and apartment complexes, in addition to commercial and institutional establishments. For this reason, our team is highly experienced and skilled in every aspect of the construction process. We are confident that Allstyle will get the job done!

## **Keys to Success**

At Allstyle Construction we are positive that our team will exceed all requirements in any project undertake, because we are dedicated to operating by these keys to success:

- Ensuring estimates on price and completion are as accurate as possible.
- Professional and personable customer relations with excellent organization
- Meticulous and expert craftsmanship by highly skilled team members.
- Effective supervision of every project to ensure scope, cost, schedule and quality is maintained.

## Capabilities

For the past 18 years, Allstyle Construction has established a good reputation for commercial renovations, as well as new construction. The dedication we have to understanding the needs of our clients and having the desire to give people what they want are only part of what makes us the answer to every construction project. The team at Allstyle has the capabilities to see any project through from beginning to end. We have team members trained and experienced in all aspects of construction, from management and to laborers, we only recruit the best. All projects that we undertake will be treated with high regard and will be handled in a manner determined by scale of project. This means, our team will provide consult with professionals such as engineers and skilled tradesmen, experienced in each area of construction and design that will be required for success. Our skills include but are not limited to; framing, electrical, HVAC, plumbing, drywall, flooring, painting, custom millwork, finishing carpentry, general contracting, construction management, drawings, design, and 3D rendering of projects.

## Capacity to Complete Work

Allstyle Construction can handle, on average, 4-8 projects simultaneously; depending on the scope of the project. We are able to do this simply because of the excellent project management standards practiced as well as a team of approximately 15 highly skilled tradesman/workers. Along with the team employed directly by Allstyle, we work in close partnership with over 20 sub-contractors. We also maintain a good relationship with suppliers throughout the industry to ensure we are only using quality and cost effective materials. We are definitely capable to take on almost any project at any time!

## Safety

Allstyle Construction has gone through the Certificate of Recognition program (COR) and has been (COR) certified. The management of Allstyle Construction considers accident prevention an extremely important phase of operations and administration. It is the policy of AFI to provide a healthy and safe work place for its employees and the general public. Our safety officer ensures that all of the personnel working on Allstyle Finishing projects adhere to safety guidelines of the Alberta Construction Safety Association. AFI will not require any employee to work in surroundings or under working conditions that are unsafe. The management of AFI will comply with all Federal, Provincial, and Municipal safety rules, regulations, or standards pertaining to job site safety. It is the responsibility of the management team to initiate and maintain safety programs which, in part, shall consist of regular inspection of job sites, materials, and equipment. It is management's responsibility to oversee a safe operation and take whatever action is necessary to accomplish this objective. It is the responsibility of every employee to comply with all appropriate AFI safety rules, Occupational Health and Safety (OHS) requirements and other recognized standards. Each employee is responsible for reporting unsafe acts or conditions, reporting defective or unsafe equipment, and using all safety equipment that is provided. The management of AFI are positive that our job sites will be free of accidents due to the strong emphasis that is put on safety and adhering to rules, regulations and standards.

## **Bonding and Insurance**

Allstyle Construction knows how important it is to homeowners and business owners to have peace of mind when having any renovation or new construction project completed. We understand that you want to know there won't be any liability issues should there be an issue of any kind on the project site. That is why AFI has taken the necessary steps to give our clients that security when selecting us for their next project.

Allstyle Construction is currently an Alberta licensed construction company covered by the Workers' Compensation Board of Alberta and has been since March 4th, 2006. As well, we hold Commercial General Liability Insurance coverage of \$10 million with Wawanesa Insurance and have never had a claim involving anyone from our team. We make your peace of mind a priority!

Re: Letter of Reference

To whom it may concern:

It is with great confidence and surety that I put forth this letter of recommendation of Allstyle Finishing & Interiors and its operations team. Our firm has worked with All Style Finishing for the last 3 years since its major inception into the Edmonton construction market. We have worked together to complete 4 major retail renovations and it is by recommendation of the client that requested we continue to use the same team that we had done originally when completing the Bentley, in West Edmonton Mall. All Style Finishing moved on to complete the site management and interiors of all drywall, flooring, millwork installation and not to mention provide onsite management to report back to our offices in Concord, ON. Although thousands of kilometers away, the team at Allstyle Finishing including Fitzroy Barnett made the distance seem obsolete. With steady lines of communication, 5 star customer services, and the quality to back it up, it is hard not to say this team can't handle any obstacles thrown their way.

Their commitment to quality, customer satisfaction, and the understanding of the importance of cohesion as a team makes them a great partner in arriving at solutions and executing the ideas. Spanning the 4 major projects that I worked on with them (Bentley-West Edmonton Mall, Bentley-Lloyd Mall, Value Village-St. Albert, Coca Cola Warehouse Renovation-Edmonton) I have never had to question nor follow-up on any direction as it was always completed on time, on budget, and with the upmost customer satisfaction.

I welcome any specific inquires to support my recommendation of All Style Finishing & Interiors Inc to contact me directly at 416.797.2345.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Gordon", is written over a light blue horizontal line.

Edmonton, AB TSW OZS

Dear Fitzroy:

It has been a pleasure dealing with your firm over the years.

Your attention to our Client's requirements, quality and schedules, is second to none in the Retail environment.

Always willing to assist in any situation is another hallmark of your success.

I have no hesitation in recommending your firm to others and would welcome any opportunity to add my reference for your services should they wish to call me

Sincerely,

John Torz  
Project Manager
